### MONONGAH

**Lasota Improving.**  
John Lasota, a local employee in  
the No. 6 mine who was injured dur-  
ing the past week is rapidly improving  
at his home in Thoburn. He was  
caught between two cars, being badly  
squeezed. At first his injuries were  
thought to be serious.

#### PERSONALS.

Mrs. Laura Brothers, of Fairmont,  
motored to Monongah yesterday even-  
ing.  
Marvin Morris went to Clarksburg  
yesterday where he will accept a po-  
sition in a grocery store.  
Miss Metta Jones, a student in the  
Fairmont Normal, was visiting her  
friends and relatives here during the  
week end.

visiting relatives here during the  
week end.  
Martin Morris, of Clarksburg, spent  
the week end with friends and rela-  
tives in Monongah.  
W. H. Veach, Republican candidate

### Evening Chat

The Day of Atonement or "Yom Kippur", the tenth day of the month of Tishri, begins at sunset Friday, October 6 and ends at sunset Saturday, October 7. The thought underlying the day is expressed in the scriptural words "On this day He will atone for you, to purify you from all your sins." It is a day, therefore, of reconciliation of man with his fellow-man and with God, and comes as a climax to the holiday season which began Wednesday evening, September 27 with the New Year's day and continued through the ten days of penitence. On New Year's Day of Judgment of ordinary people, who had been neither completely righteous nor utterly sinful was left undecided and the opportunity was given them for repentance; now the Day of Atonement provides all men with the possibility of returning to their God and of finding reconciliation with Him through prayer.

The Day is the most solemn of all days in the Jewish calendar. It is passed in fasting and prayer. The whole day is spent in the service of the unknown Koi Nidre prayer. The day proper has four services. Of these the Mussaf or additional service contains a recitation of the atonement rites as practiced in the ancient days in the Temple at Jerusalem; and the Neilah service is understood to be held at the time when decision is finally made as to man's fate, and thus the Neilah prayers instead of having the usual phrase, "Inscribe us in the book of life," uses the expression: "Seal us in the book of life."

According to Jewish tradition expressed in an ancient law-book, the Day of Atonement, when spent in praying and repenting, will bring pardon for sins between man and God; but as for the sins committed by man against his fellow man the Day cannot bring pardon until he has appeased his fellow man. This idea is the basis of the effort always made before the Day of Atonement to bring peace between such friends who have become estranged and are on unfriendly terms with one another; and in this way, the Day will put the worshipper at peace not only with his Maker, but also with his fellow man.

Either game is getting more plentiful, or else the hope that is eternal in the sportsman's breast is even stronger than usual this year. Hardware and sporting goods dealers of the city are reporting the best sale of guns and implements incident to hunting this fall, than ever before in their career as local merchants.

Many of the sales of firearms that have been made are of the high power variety, suggesting that a few of the local sportsmen expect to go to the mountains for game or have been too credulous concerning reports of bears, wildcats, and what not, having been seen in remote sections of the county. The sale of fishing tackle the last season was not so good, implying that the rush of modernism has worked ill to the Jewish tendencies of the population.

Rebelle apparatus was much in demand, the summer of 1916 having been the best from the point of sales of material, that has been enjoyed, since 1908. Tennis outfits were also sold in great quantities. So far football incidents have been going with remarkable rapidity and the merchants in such business are hoping that this sport will prove as good from their point of view as the others.

### BITS OF STATE NEWS

A recent issue of the Parkersburg Sentinel contained the following: "At the entrance to the Powell Music store on Market street, this morning there hangs a tomato vine measuring about 15 feet in length which has been attracting considerable attention from the passersby. The specimen was raised at the home of H. C. Powell on Fifth street and is a monster of the species. It still contains about 15 or 20 good sized tomatoes and Mr. Powell states that it has been bearing since the first of July. A few weeks ago a gigantic sunflower which was raised in the same garden as the tomato vine was on display here and Mr. Powell states that he has some extraordinary bean vines which he is intending to exhibit soon."

Dr. John S. Douglas, rector of Trinity Episcopal church at Huntington, isn't superstitious, but—  
Everytime Dr. Douglas resigns a pastorate to accept a new one in broader fields, a cat walks up the aisle of the church two or three days after the resignation is filed.

Cats have never been known to walk up the aisle of a church in which Dr. Douglas preached except just after he has handed in his resignation.

When he resigned a pastorate in Virginia to accept the pastorate of an Episcopal church in Martinsburg, a cat walked sedately up the center aisle of the church.

When, a number of years later, he resigned the pastorate of the Martinsburg church to come to Huntington, another cat walked up the aisle. Two weeks ago, just after he had announced his resignation to the vestry, Dr. Douglas was almost startled out of his usually unruffled dignity when he saw a cat walking up the aisle.

He announced these facts to the congregation of the church, and accompanied the announcement with the statement that he is not superstitious—but—

State Prohibition Commissioner Fred O. Blue has requested that no more "straw bonds" be accepted in cases of alleged violations of the state prohibition law in Wheeling and he will ask for bona fide bonds in all cases in the future. "Bonds upon which it is possible to collect are the only ones that will be accepted by the state in the future," said Mr. Blue in speaking to one of the Ohio county officers.

According to the Buckhannon Delta corn has been greatly damaged by

### CHILDREN WITNESSES IN CASE OF FATHER CHARGED WITH KILLING THEIR MOTHER!

Mrs. McDaniels, who was murdered; the three McDaniels children—upper left, Odell, 14; lower left, Helen, 10; lower right, Marion, 6.

The grand jury of Buckhannon, Mo., investigating the case of Oscar McDaniels, county prosecutor, charged with the murder of his wife, has summoned McDaniels' three children as witnesses.

It is said the children were in the McDaniels home at St. Joseph, Mo., the night their father claims he found his wife bruised and dying. Testimony given by the children, if it should help convict their father and result in his sentence to death, will make them orphans.

McDaniels, for several months, aided county officials trying to solve the murder. He said he received threatening letters from men, he as prosecutor, had sent to jail. The authorities charge now McDaniels may have written the letters himself to throw off suspicion.

McDaniels says he will defend his own case and prove his innocence. He asked for a speedy trial as he is a candidate for re-election in November.

The frosts this year and if it will keep in the silos the people who have them are certainly lucky. We were out on the road toward Lorentz Sunday and do not think we ever saw corn so badly frobbitten before in our experience. However, no one could be killed and it looked like the corn would be badly damaged also. Nature failed to take into account that she was slow giving vegetation a start in the spring and has permitted frost to make her fall debut about three weeks too early.

Special Agent A. J. Coleman, of Moundsville penitentiary, was in Martinsburg Monday to confer with the county court relative to retaining the convict camp in that county. It is understood that the contract to maintain the camp there has never been renewed and unless some action is taken the road work that has been regarded as so beneficial will be discontinued. However, no one could be killed and it looked like the corn would be badly damaged also. Nature failed to take into account that she was slow giving vegetation a start in the spring and has permitted frost to make her fall debut about three weeks too early.

### Tonoline Is Beauty Aid, Announces Specialist

Mildred, Louise Talk of Interest to Women.

As health is a first aid to beauty this story, told by Mildred Louise, beauty specialist of Boston, Mass., is of unusual interest.

"I can recommend no better health giver than tonoline," said Mildred Louise.

"I was for many months a victim of stomach trouble and nervousness. I had suffered terribly from pains that followed eating. Headaches also would add to my worries. Poor digestion finally brought on nervousness. Relief came, however, when I took the advice of several women who said 'Take tonoline.'"

"Not long after I started the tonoline treatment, my patrons began to remind me of the improvement in my condition. And because health is the quickest way to beauty, the improvement was particularly noticeable in my face."

"What tonoline really did for me I cannot say. I am so grateful that I am very willing to recommend tonoline publicly."

Tonoline is a purely vegetable preparation which goes to the seat of common maladies—stomach and kidney trouble, catarrhal affections of the mucous membranes, liver ailments and impurities of the blood—and quickly restores proper action. Tonoline is being explained daily to many people at Mountain City Pharmacy, Fairmont, Prescription Pharmacy, Mannington.

Notice:—As tonoline is a wonderful flesh builder it should not be taken by any one not wishing to increase his weight ten pounds or more. Although many reports are received from those who have been benefited by tonoline in severe cases of stomach trouble and nervous dyspepsia, chronic constipation, etc.

### WEST VIRGINIA CROPS GOOD

CHARLESTON, W. V., Oct. 3.—After completing a tour of the counties of the Ohio river as far up as the Northern Pan Handle, Howard E. Williams, State Commissioner of Agriculture, today said that crops of all kinds are exceptionally good in all the communities he visited. "West Virginia has produced the finest wool in the world," declared the commissioner, "and we have the best herds of Ayre-

### HEAR CITIZENS' PROTEST

CHARLESTON, W. Va., Oct. 3.—Protest of citizens, who oppose the continuance of the stations at Elkhurst and Wierbridge, on the Coal & Coke railroad, were heard today by the Public Service Commission. The company some time ago filed a petition asking for permission to discontinue station facilities at those stops.
